

# BEYOND BENEFICIAL

A 135 unit apartment building with very specific needs requires very specific solutions.

**“Our total labor and material advantage was \$36,766.00!”**

— INSTALLING CONTRACTOR

**MATERIALS:**

Line set costs were the same. Copper quote required \$60 per unit in additional fittings (tees, 90's, couplings) for a total additional cost of \$8,100.00. Yoga tool needs required two each 3/8" and 3/4" tongs. Contractor used existing Pro Press guns for crimping. The Yoga additional material costs totaled \$1034.00. The job started with a \$7066.00 Yoga material pricing advantage.

**LABOR:**

Labor bid for copper was 4 1/2 hours per unit. At \$55/hour labor rate, bid price was 4 1/2 x 55 x 135 or \$33,412.50

Yoga actual time was 22-30 minutes/unit. 0.5 x 55 x 135 or \$3712.50

***This represents an additional labor profit of \$29,700***
